

The Essex County Council (Tendring District) (Prohibition of Waiting, Loading and Stopping) and (On-Street Parking Places) (Civil Enforcement Area) (Amendment No. 25) Experimental Order 2022

Statement of Reasons

Following the North Essex Parking Partnership being made aware of local concerns about parking issues, a no stopping at any time restriction is being introduced under an experimental order on Old Ipswich Road. The no stopping at any time restriction will prevent parking and so ensure sight lines remain clear and for avoiding danger to persons or other traffic using the road or any other road or for preventing the likelihood of any such danger arising and for facilitating the passage of any class of traffic.

Limited waiting bays are being introduced on two areas of Old Ipswich Road. These will allow the opportunity to park for up to 6 hours with no return within 1 hour for any motorists who need to visit properties on or near Old Ipswich Road.

The experimental order will allow the impact of the scheme to be monitored over the initial 6 month period, to work with local stakeholders and other road users to consider amendments to the scheme where appropriate.

The North Essex Parking Partnership intends to consider making a permanent order which has the same effect as the experimental order.
