Order 202*

Statement of Reasons

Riverside Avenue & Old Nazeing Road - Nazeing

The permanent order for double yellow lines will ensure that large vehicle access can be maintained, and the entrance to the road is primarily free from parked vehicles. Removing vehicles will also improve sight lines for motorists and pedestrians and improve road safety.

Great Lawn - Ongar

The permanent order for an extension to double yellow lines will ensure that large vehicle access can be maintained, and the road on one side, including a grass verge, is primarily free from parked vehicles and turning points can be preserved for the intended use.

Beatrice Court – Buckhurst Hill

The site is within a short walking distance of local shops and a tube station and is regularly utilised by non-residents and commuters. The introduction of a permit parking scheme will improve the parking provision for households included and their visitors and deter parking which is often obstructive in nature

Pyrles Green - Loughton

The site is regularly utilised by non-residents & “commuters” irrespective of abundant free parking spaces being available elsewhere. Regular issues with abandoned and untaxed vehicles are witnessed, as well as non-residential parking which obstructs large vehicle access. Double yellow lines will discourage motorists from parking at the entrance into the site.

Trent/Church/Hills & Osborne Road, incorporating Epping New Road service road numbers 91-103 – Buckhurst Hill

The roads are within short walking distance of local shops, a private Hospital and close to other permit parking schemes and are regularly utilised by non-residents & “commuters”. A permit parking scheme will improve the parking provision for households and their visitors. Double yellow lines will discourage motorists from parking close to junctions, promoting access for larger vehicles, including those associated with refuse collection and the emergency services. The exclusion of Sundays from the parking scheme will provide spaces for those using a place of Worship in the area.

River Road – Buckhurst Hill

The permanent order for an extension to double yellow lines on the south side of the road is required to prevent obstructive and inconsiderate parking which inconveniences residents. Removing vehicular parking will enhance access for all motorists and promote safety for all Highway users.

Queens & Princes Road – Buckhurst Hill

The inclusion of a loading ban to accompany double yellow lines will ensure that access to local residential properties and roads is maintained and larger vehicle access, including those associated with the emergency services can always be maintained. A loading ban will also discourage those who currently abuse current restrictions and allow enforcement officers to instigate immediate action against any contravention detected.

Princesfield & Upshire Road – Waltham Abbey

The permanent order for double red lines is required to prevent obstructive and inconsiderate parking opposite, and on the junction which services local buses, where any vehicular parking is deemed to be inappropriate and against advice within the Highway Code. Removing vehicular parking will enhance access for all motorists and promote safety for all Highway users. The introduction of red lines, as opposed to yellow lines will deter those who choose to park at peak times associated with a local school.

Brooker Road – Waltham Abbey

The permanent order for double red lines is required to prevent obstructive and inconsiderate parking close to, and on the junction, where any vehicular parking is deemed to be inappropriate and against advice within the Highway Code. Removing vehicular parking will enhance access for all motorists and promote safety for all Highway users but primarily ensure that large vehicle access can be always maintained.
