

North Essex Parking Partnership **Body Worn Camera procedure document**

All footage is downloaded securely at the end of each day in the secure room.

Only Managers/Specialists have authorised access to the cloud-based footage and are the only individuals authorised to delete any footage.

CCC's procedures would be used in the event of a member of the public requesting to view footage.

All Officers using the cameras are aware that they are not to show anyone the footage that they have recorded each day unless a Manager/Specialist at NEPP or a Police Officer dealing with the incident.
